Hello Mr Hothi-

Lets go ahead and start with confirming our phone conversation at your suggested time of Tuesday April 16th at 1pm, which at the time of this reply, is tomorrow.

I have reserved the same conference line as before: (b) (6)

Code: (b) (6)

I am not sure of my availability this coming Friday but I will look into that and will try to have an answer by the time we talk tomorrow.

Please let me know if there is a problem with the plan to talk tomorrow.

Thanks,
Brooks

Hi Brooks,

I will be on the site, Friday, April 19 and you are welcome to come to the site on this day.

Let me know what time works for you and i will meet you at the front gates.

Regards,
Parm

Mr. Hothi-

Thanks for your message. I know I am unavailable next Monday morning due to meetings but beyond that, I have only a few other firm commitments next week.

Please propose a few dates and times next week that work for you and I will pick a time that works. When I send confirmation I'll update the conference line information if the previous one is unavailable.

Thanks,
Brooks

Mr. Hothi-
If next week works well for
you, I can arrange to talk over
the phone next Friday the 12th
at 12pm. I would like to
include my colleague, Jeff
Fowlow, on the call. Jeff was
the EPA staff member to whom
you provided site access last
October and he and I will work
together on this project going
forward. I should be able to
conference us all together using
my phone and shouldn't need a
conference line. If that sounds
OK, I can just call you.

As far as an agenda goes, I
think we would just like to get
clarification on whether your
consent for EPA to access the
site has changed since last
October. If we determine that
we still have your consent, we
would then just want to begin
looking at potential dates to
conduct our assessment

activities and figure out how to coordinate with you on getting physical access when we're there. Beyond that I would just want to make time and welcome any questions you have for us.

Please confirm if Friday April 12 at 12pm works for you and also if you have any thoughts about my basic agenda.

Thanks,
-Brooks

Hi Brooks,

I am in receipt of
your letter.

I am available for
conference call
next week between
noon and 1pm.

Let me know what
works for you and
the number I
should call into and
the agenda.

Thank you.
Param

Subject: EPA access

to Kaiser Property

Mr Hothi-

On March 21st, I sent you a letter requesting your clarification regarding EPA's access to the former Kaiser Aluminum property at 2111 East Hawthorne Road, Mead, WA 99218. The purpose of the letter, which I have attached to this email, was to clarify whether you were denying your consent for EPA to access the site.

During the phone conversation I had with you on February 22nd, you stated that you were now denying site access to EPA, after granting our agency access with a signed access agreement on October 2, 2018.

I would like to confirm that you have received the letter and to set up a time to discuss this issue with you, so we

can work
cooperatively to
begin better
characterizing
environmental
concerns at the
property. If you
could please let me
know of day and
time you are
available at your
earliest convenience
I would greatly
appreciate it.

Respectfully,

Brooks Stanfield
